

# Evamping Of Duties In Mission Change

plan of supervision of missions which enlarges the world as members of the Council of the Twelve and others of the General Authorities of the Church of Christ of Latter-day Saints have announced by the First Presidency.

It is anticipated under the program that members of the Twelve will be directed to Lake City. This action will usually cause the headquarters of the present West European Area, directed by Elder James J. Vol. 17, No. 156 Tuesday, June 22, 1965 Provo, Utah

Performing at Tuesday's Forum Assembly will be George G. Gilbert, singing the Summer Music Festival at BYU.

## New Curbing Regulations Explained By Security

Notice the bright new paint job being done to the curbing around campus? Does the whole process seem just a little confusing—being somehow different than before?

TO CONFORM TO the new color scheme for curb markings

being adopted throughout the nation, Utah and Provo workers from the Physical Plant Paint Shop will, throughout the summer, repaint the miles and miles of curbing on the campus using hundreds of gallons of paint.

In the past, red has been the standard color for "No Parking" areas, and yellow has indicated limited time and service parking areas, according to Capt. Sven Nielsen of the BYU Security.

**THE NEW COLOR** coding, which does away with all red markings, will take until fall to complete, according to Orlean Hansen, assistant shop foreman at the paint shop.

Upon completion of a designated area the yellow marking will indicate "No Parking" areas and the white curbs will indicate "service and limited-time parking" areas, said Capt. Nielsen.

**ALL STUDENTS** and members of the BYU staff and faculty and all visitors are urged to conform to the new curb designations, continued the Captain.

All those violating these regulations will be issued traffic citations amounting to a fine of \$2 and 60 points on the BYU traffic point system.

When a driver has acquired 20 or more points, disciplinary action is taken to suspend his driving privilege for a semester, noted the Security Official.

**IN ISSUING A WARNING** to BYU students Capt. Nielsen warned starry-eyed mountaineers to take up residence in their mountaineering escapades.

He explained that many students "climb above their heads" get themselves into a climbing too far or up perilous terrain.

These people only create a dangerous situation for themselves and the department that could be avoided with the proper training and judgment, he concluded.

## Classes Over...

# Salzburg Study Ends

"It was an experience which the students could not have duplicated on any campus in America," Dr. Arthur Watkins of the BYU Language Department and director of the project, said.

One hundred forty BYU students, steeped in European culture, arrived at Salt Lake City airport Saturday, after spending a semester at the University of Salzburg, Austria.

**WATKINS SAID** The participants were eager to make the most of the opportunity and worked hard not only at their studies, but also at learning all they could about local speech, customs, products, food, history and politics.

Prerequisite for the trip was at least two semesters of German. At Salzburg the students studied about 25 different courses, including German, European history, culture, geography, philosophy, political science, music, etc.

**THE GROUP LEFT** Salt Lake City on Feb. 6 and upon their arrival were given a reception by the mayor of Salzburg as the first Utah group of its kind to attend the University. They were also honored at a candlelight concert at Marcell Castle by musicians of Salzburg, which is one of the music capitals of Europe.

Dr. John Halliday of the BYU Music Department organized the students into the Mormon Kammerchor (choir) which presented concerts in Munich, Vienna and Salzburg.

**"REPORTS** continually came back to us that this was the most wholesome and hard working group of Americans the Austrians had ever seen," Dr. Watkins said.

After the semester ended on May 28, the class toured Switzerland, Holland, Belgium, France, Italy and Germany.

**ONE TRAGICALLY NARRED** the program. Two BYU coeds, Janice Riddle, 19, Salt Lake City, and Audrey Ungermann, 20, Orem, were supplying an accident in Vienna in March.

Student officers chosen to lead their classmates were Dennis Taylor, president; Robert King, culture; Paul Carpenter, publicity; and Suzanne Jeppson, secretary.

**OTHER FACULTY ADVISERS** on the trip were Dr. Ray Hillman, political science, and Dr. Eugene Campbell, history.

President Ernest L. Wilkinson of BYU visited the group in Salzburg the last month and declared the program a great success.

## Car Crash Claims Life Of BYU Professor's Wife

**PROVO**—A 34-year-old mother of nine children died Monday with injuries suffered earlier when the car she was driving rolled over and caught a curve and rolled over in Provo, a woman.

**THE VICTIM** was Mrs. Janet Anderson Mabe, wife of Dr. Melvin Mabe, an associate professor of History and Political Science at Brigham Young University.

She died at Utah Valley Hospital a few hours after the accident which occurred about 8 a.m. The highway patrol said her car went out of control as it was going around a curve on U.S. highway 190 about 11 miles from the mouth of canyon.

She and eight of her children were in the vehicle. The patrol said all of them were thrown from the car.

**THE HIGHWAY PATROL** listed the children and their injuries as follows: David, 10, back and undetermined injuries; Mark, 8, possible back injury; Paul, 5, leg and back; and Richard, 6, held for observation; Lynn, 11, multiple bruises and lacerations; Eric, 4, and Stephen, 3, treated and released.

Tanya, 13, was not with the family when the accident occurred.

The Mabeys were married in Salt Lake City on August 20, 1951. She graduated from BYU in 1951 while he received his

Doctor's Degree from Oxford University in 1955.

**MRS. MABE** was born July 2, 1929, in Salt Lake City. She attended BYU Training School, Ogden High, Weber College and BYU.

Dr. Mabe is a native of Bountiful, Utah. He received his B.S. and M.A. degrees at BYU. A specialist in the field of comparative government, he teaches classes dealing with British, Eastern European, and Soviet governments, as well as some religion classes.

Dr. Mabe served a mission in Czechoslovakia, and has also been a Bishop in one of the BYU student wards. He served this year as faculty adviser to the BYU Young Republicans.

## Baruch Dies

**Bernard M. Baruch**, financier and trusted adviser to eight U.S. Presidents — from Wilson to Kennedy — died Sunday night. He was 94.

Baruch, one of the nation's most famous elder statesmen, suffered a stroke in his Manhattan apartment. He died several hours later, at 9:30 p.m., of a coronary occlusion.

As soon as the death was announced the tributes began.

When a driver has acquired 20 or more points, disciplinary action is taken to suspend his driving privilege for a semester, noted the Security Official.

**ALL STUDENTS** and members of the BYU staff and faculty and all visitors are urged to conform to the new curb designations, continued the Captain.

# Track Team Circle K Goes Full Time; Takes Third First Unit To Take Step

by Jerry Newell  
Staff Writer

Bad luck and good hard competition stymied the BYU Track and Field team in its bid to capture the NCAA Track and Field meet held in Berkeley, Calif. over the weekend.

SOUTHERN California and Oregon were first place in the meet and the Cougars grabbed a third to give it the highest standing that a Y track team has ever attained in intercollegiate competition.

Three of the Cougar tracksters were selected to the All-American track and field team. Bob Delaney, Ray Barrus, and Ted Winfield were awarded the honor at the completion of the competition. Coach Clarence Robinson announced Monday.

BARRUS captured second place in the 3,000 meter steeplechase and Bob Delaney ran a 4:02.4 mile to gain a second also. Delaney's time was a new school record.

The Cougar sprint relay team composed of Dave Reeves, Mike Douglas, Ralph Turner, and Tim Rawson won a fourth place with a time of 4:01.1.

HIGH JUMPER Ted Winfield took third place with a leap of six feet ten inches, and a hurdler Mike Douglas captured a sixth in the 440 Intermediate Hurdles.

The tracksters piled up a total of 27 points in the meet.

## BYU Freshman Dies In Ocean

SEASIDE, Ore. — BYU student Scott Port drowned Saturday while swimming in the ocean at Seaside. Scott was swimming with his younger brothers, Tony and Barry, and his younger sister Gaye Jean. At BYU he had just completed his freshman year as a drafting student, staying at Helaman Hall. He was from Wenatchee, Wash.

The BYU International Circle K Club will serve on a full-time basis for the first time during summer school, according to Dennis Spackman, president.

"IN DOING so the organization will be the first of its kind to do so during the summer months," Spackman added. "During the Fall Semester 1964-65 the organization was given special recognition by the student-body officers for rendering more than 1,000 hours of service per month," he said.

"Participation in the unit is very rewarding experience for each member," Spackman continued. "An advisor from the parent organization of the Provo Kiwanis, who is engaged in a profession that coincides with the students' major field of study is assigned to each member. This enables the student to work closely with his advisor in gaining a deeper understanding of his intended profession."

HE SAID that in order to retain membership in the Circle K, a student must have a 3.0 grade point average and must display leadership as well as have a willingness to fulfill a minimum of eight service hours a month.

Each new member in the unit is given an interview to determine what he hopes to gain from participation in the unit and what he plans to contribute as a member.

The Circle K summer program is already in full swing and is scheduled to usher in all musical and drama department productions this summer.

ENDING the fall and spring semesters we have a membership

of approximately 5,000 men, but during the summer it is limited," Spackman noted.

"We are prepared to take in new members for the summer to help with our service obligations and therefore have opened our meetings to any interested persons."

"Circle K meetings are held in 125 Jesse Knight Bldg. at 6:30 p.m. on Wednesday," he said.

Other officers in the unit are Keith Huntman, secretary, and Robert Mechem, vice-president.

Spackman added that an installation banquet is scheduled at the Bridal Veil Falls later in the summer.

## School Receives Gift

A bronze bust of B. H. Roberts, noted historian of The Church of Jesus Christ of Latter-day Saints, has been presented to the university by Mrs. Georgia Roberts Mowry, a daughter of the late writer.

SCULPTOR OF the work of art was Mahonri Young, noted for his "Seagull Monument" and the "This is the Place Monument" in Salt Lake City's Emigration Canyon.

The bust had been in the home of Mrs. Mowry for almost twenty years before it was decided that it should be placed where it would be assured a permanent place. Through the combined efforts of Lyman Tyler, director of library, Dr. Wess Bolnap, Religion Dept., and Keith Ward of the Gifts and Exchange Library, the bust is now on display in the Joseph Smith Memorial Bldg.

BRIGHAM HENRY ROBERTS is most noted for his many works exploring the history of the Mormon Church. The largest work is a six-volume "Comprehensive History of the Church." He also served as editor of the "Documentary History of the Church."

In addition to these he wrote several other books and manuals and did several translations of oriental religious works comparing them with Mormonism.

During his life he served three missions for The Church. At the time of his death he was a member of the First Council of Seventy. He started in life as a farmhand and blacksmith, and during World War I attained the rank of captain.

HE WAS ELECTED TO Con-

gress in 1899, but was refused a seat in a dispute over polygamy. He headed a committee which was responsible for selection of a site for the Utah capitol building.
